- Color and black-and-white versions
- Two filled-in examples, Brazil and Mexico, on separate pages, with every fact sourced

How to use it

- Print the color pages or the black-and-white pages
- Students check their work with the separate answer sheet, or keep it for grading

Where the facts come from

Every country name, capital, flag, greeting and culture fact comes from UpOnly Learning's sourced geography data: country and capital names from Encyclopaedia Britannica, the RAE-ASALE list (Spanish) and the Senado Federal and IBGE lists (Portuguese); culture items from UNESCO and Britannica. Map shapes: Natural Earth (public domain). Flags are national designs in the public domain.

The examples use only facts from our sourced data (UNESCO lists, Britannica and dictionary entries). The Spanish and Portuguese culture descriptions are UpOnly Learning translations of the sourced English.
