GEOGRAPHY & CULTURE

Countries and Capitals Match: Every Continent

37 pages + separate answer sheet

What's inside

- Matching sheets for Africa, Asia, Europe, North America, South America and Oceania
- Each sheet: up to 14 countries and a lettered list of their capitals
- Color and black-and-white versions
- A separate answer sheet; countries with more than one capital accept every listed capital

How to use it

- Geography lessons, centers, homework or a quick review
- Print the color pages or the black-and-white pages
- Students check their work with the separate answer sheet, or keep it for grading

Where the facts come from

Every country name, capital, flag, greeting and culture fact comes from UpOnly Learning's sourced geography data: country and capital names from Encyclopaedia Britannica, the RAE-ASALE list (Spanish) and the Senado Federal and IBGE lists (Portuguese); culture items from UNESCO and Britannica. Map shapes: Natural Earth (public domain). Flags are national designs in the public domain.

Israel and Palestine are left out of this activity: the status of Jerusalem, the capital each names, is contested. Palestine is a non-member observer State at the United Nations (UN General Assembly resolution 67/19, 2012). Its status and borders are disputed; shown as on United Nations maps.
