Where the facts come from

Every country name, capital, flag, greeting and culture fact comes from UpOnly Learning's sourced geography data: country and capital names from Encyclopaedia Britannica, the RAE-ASALE list (Spanish) and the Senado Federal and IBGE lists (Portuguese); culture items from UNESCO and Britannica. Map shapes: Natural Earth (public domain). Flags are national designs in the public domain.

State names and shapes: US Census Bureau (public domain). The capital, Washington, D.C., comes from the country data.
