About places on the maps

Names in gray italics are territories or places whose status is disputed. They are printed for reference and are not part of the activity. Not part of the activity (gray italics): Taiwan (self-governing; claimed by the People's Republic of China). Boundaries in Kashmir are disputed; the hatched area and dashed lines are approximate. Palestine is a non-member observer State at the United Nations (UN General Assembly resolution 67/19, 2012). Its status and borders are disputed; shown as on United Nations maps.

Where the facts come from

Every country name, capital, flag, greeting and culture fact comes from UpOnly Learning's sourced geography data: country and capital names from Encyclopaedia Britannica, the RAE-ASALE list (Spanish) and the Senado Federal and IBGE lists (Portuguese); culture items from UNESCO and Britannica. Map shapes: Natural Earth (public domain). Flags are national designs in the public domain.
