About places on the maps

Boundaries in Kashmir are disputed; the hatched area and dashed lines are approximate. Palestine is a non-member observer State at the United Nations (UN General Assembly resolution 67/19, 2012). Its status and borders are disputed; shown as on United Nations maps.

Where the facts come from

Every country name, capital, flag, greeting and culture fact comes from UpOnly Learning's sourced geography data: country and capital names from Encyclopaedia Britannica, the RAE-ASALE list (Spanish) and the Senado Federal and IBGE lists (Portuguese); culture items from UNESCO and Britannica. Map shapes: Natural Earth (public domain). Flags are national designs in the public domain.

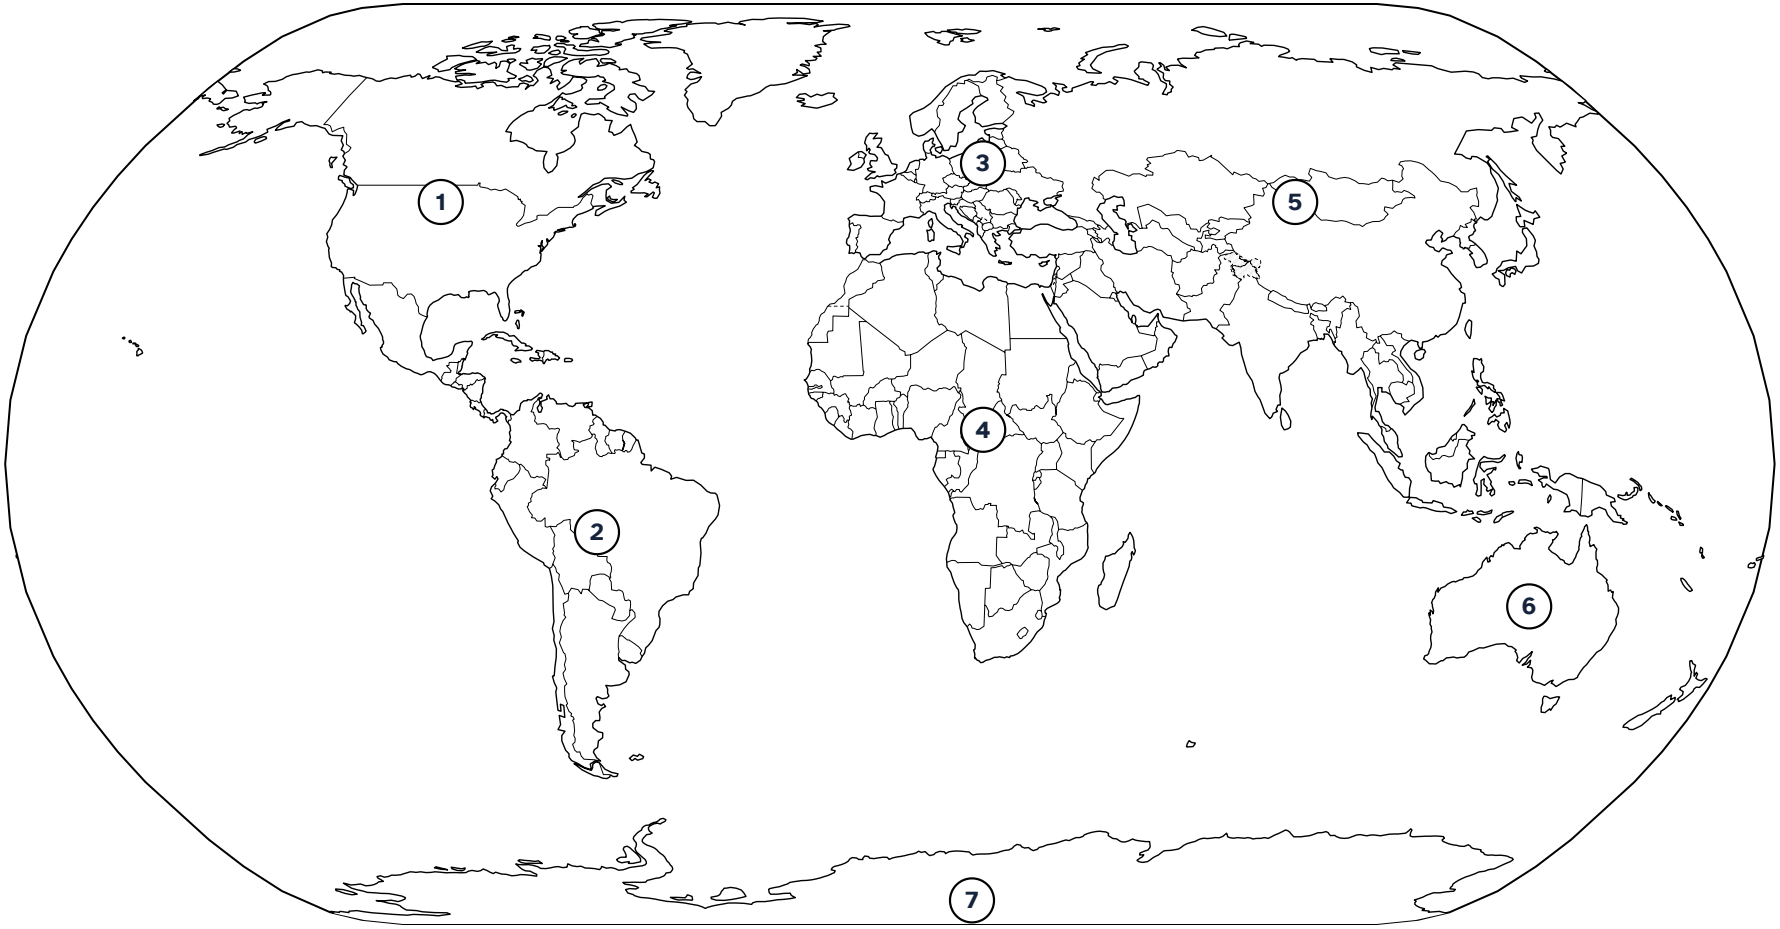

Russia and Türkiye are colored as part of both Europe and Asia, split at the usual Europe–Asia line (Ural Mountains, Caspian Sea, Caucasus, Black Sea, Bosporus). In the country lists of this set, Russia is listed with Europe and Türkiye with Asia.
